## PROFESSIONAL SUMMARY

---

Results-driven Backend Developer with 3+ years of diverse experience in software development, research & development, and data management. Proven expertise in building robust backend systems using Laravel, PHP, and MySQL, with strong skills in frontend technologies such as Vue.js and Inertia.js. Adept at optimizing processes, ensuring data integrity, and collaborating within cross-functional teams. Committed to delivering high-quality solutions and continuous professional growth.

## TECHNICAL SKILLS

---

- **Backend:** Laravel, PHP, MySQL, RESTful APIs
- **Frontend:** Vue.js, Inertia.js, JavaScript, Bootstrap
- **Version Control:** Git, GitHub
- **Tools:** VS Code, Postman, Composer, npm, php storm
- **Other:** Problem-solving, Team Collaboration, Time Management

## PROFESSIONAL EXPERIENCE

---

### **Bug Finder** — Backend Developer

*September 2022 – Present*

- Promoted from intern to Backend Developer based on performance and technical growth.
- Developed and maintained scalable backend systems using Laravel and PHP, integrating MySQL databases for data management.
- Built secure authentication and user role management for admin and employee panels, enhancing platform security and usability.
- Collaborated closely with frontend teams utilizing Vue.js and Inertia.js to deliver seamless user experiences.
- Implemented RESTful APIs, improving system interoperability and performance.

### **Sun-Power Ceramics** — R&D Engineer

*June 2021 – August 2022*

- Conducted research and development on advanced ceramic materials, leading to optimized production processes and improved product quality.
- Analyzed production data to identify inefficiencies and recommended process enhancements, reducing material waste and operational costs.

- Collaborated with cross-functional teams to implement new technologies and best practices in manufacturing.

**Khalid IT** — Data Entry Operator

*October 2020 – March 2021*

- Ensured accuracy, confidentiality, and integrity of sensitive data during entry and processing tasks.
- Streamlined data entry procedures, increasing efficiency and reducing errors.

## EDUCATION

---

**Northern University Bangladesh**

Bachelor (Ongoing)

September 2023 – Present

**Ahsanullah Institute of Technical and Vocational Education and Training (AITVET)**

Diploma in Engineering

August 2015 – July 2019

## PROFESSIONAL DEVELOPMENT

---

- Web Development Course – Web IT
- App Development Course – Bangladesh ICT Division

## LANGUAGES

---

- English (Fluent)
- Bengali (Native)
